MENACA BASE - NORTH AFRICA

MENACA Project

This project is a collaborative Missions Base, BAM initiative, and urban outreach center, designed to engage with unreached people groups and support the underground church in MENACA. Through spaces like a co-working hub, art studio, and language programs, it provides hands-on training and discipleship for young people, equipping them for missions while fostering community engagement. This effort, a partnership between Foursquare missions agencies in the US, Europe, and Latin America, will establish a hub for training, mobilizing, and supporting long-term mission work across North Africa and the MENACA region.

North Africa Project

Project Overview

Ministry Training Opportunities :

Internships & Teams

Teams and interns will engage in hands-on ministry, cultural immersion, and receive mentorship from the local team, providing exposure to the region, & preparing them for long-term service.

Missionary Training Base

Cohorts of future workers will participate in a 3 to 6-month training program featuring discipleship, missiological development, and hands-on outreach opportunities, immersing them in language and culture to gain essential skills for long-term impact in the MENACA region.

Missions-Focused Co-Working Hub :

A professional, welcoming space with workshops and training to build community and prepare for missions.

- **Leadership Development**

Offering Christian ethics-based business and leadership training for community impact and servant leadership.

- **Art & Coffee Spaces**

Art studio and coffee roasting foster creativity, community, and job opportunities, serving as connection points for Gospel-centered relationships.

- **Safe Church Meeting Space**

A discreet area for the underground church to gather for worship, discipleship, and fellowship.

- **Language & Cultural Programs**

Classes to bridge cultures, foster relationships, and equip young people for cross-cultural ministry.

- **Relational Evangelism & Leadership Training**

Building authentic relationships to facilitate Gospel conversations and raising leaders for long-term impact.

- **Global Collaboration & Internships**

A global hub for Foursquare missions, supporting worldwide initiatives with internships, short-term teams, and a training base for future missionaries and emissaries.

Impact

MENACA BASE - North Africa will be a vital missions hub, preparing young leaders for ministry in closed-access regions, connecting with the underground church, and reaching unreached groups. Supported by Foursquare agencies and a sustainable BAM model, it will foster discipleship, outreach, and spiritual growth, creating lasting impact across Tunisia and the MENACA region.

Conclusion

This is an opportunity to invest in the future of missions, aligned with our global Foursquare Family distinctives, empowering leaders and expanding the Kingdom in North Africa and beyond.
